

Welcome to Community Transit Vanpool

- Sharing a Community Transit van is easy, fast, and cost-effective.
- You set the schedule, route, and meet-up locations.
- Travel faster in HOV lanes and get preferred parking at most work sites.
- We provide a comfortable van and cover gas, service, most highway tolls, and insurance.
- Never be stranded at work with our guaranteed ride home commitment.

Get connected and on the road!

- To form a vanpool, register at least 2 riders, including drivers and bookkeeper.
- Fares are based on your daily round trip miles and the size of your van, and split by the number of riders. Find the Vanpool Fare Calculator on the Community Transit website.
- Vanpool drivers must complete an online defensive driving course and satisfy a driving record check.
- Bookkeepers get online training to manage payments and monthly reports.
- Some employers will pay toward the cost of your fare.
- Email a completed roster to Vanpool@commtrans.org to start your application.
- We'll schedule an appointment to pick up your van at the Community Transit Kasch Park facility in Everett.
- We'll contact you to schedule routine maintenance every 6 months or 5,000 miles at our Kasch Park facility and provide you with a loaner van.

Vanpool setup checklist

Apply for vanpool	Pick up your van
☐ Recruited 5 or more participants	☐ Drivers completed training
