

Trip Planning Resources

Transit

- [Community Transit Trip Planner](#) – Plan a trip
- [Bus Alerts for any route](#) – Get alerts for your bus
- [Bus Finder](#) – Find your bus in real time
- [Bus Seat Availability](#) – See how crowded or not your bus is
- [Bus Plus](#) – PDF of our schedule book if you prefer to plan this way. Let us know if you need hard copies.
- [Customer Care](#) – Call or email for trip planning, customer comments, transit information
- [Lynnwood RideStore](#) – ORCA assistance, lost and found
- [Fares and Pass information](#) – Contact us with any questions about [ORCA for Business solutions](#)
- [Swift](#) – Two Swift lines, Blue and Green and schedules not needed because frequency - Buses arrive every 10 minutes on weekdays and every 15–20 minutes on early mornings, evenings, and weekends.
- [DART Paratransit](#) – Need to apply and qualify and then your Dial A Ride to schedule the service. Hence the name. We also have our [travel training program](#) which is useful for some who might not qualify for DART.

Transit third party tools:

- [Google Maps](#) – Very popular user friendly experience on desktop or mobile
- [Apple Maps](#) – Only on apple products
- [Transit App](#) – Popular mobile app
- [OneBusAway](#) – Popular app in the Puget Sound region
- Uber / Lyft – These apps/services incorporate transit as an option, good for combining trips.

Biking/Walking

- [Google Maps](#) – Toggle over to bike directions, they are generally pretty good but sometimes good to double check with a friend/college who knows bike routes
- [Apple Maps](#) – Bike directions currently available in urban centers like Seattle
- [Community Transit Bike Map](#) – Let us know if you want hard copies

Vanpool/Carpool

- [Communitytransit.org/vanpool](#) and use [this tool](#) to find a VP - Find out more about vanpools
- [RideshareOnline.com](#) – Find/form carpools or vanpools with this statewide ridematching tool
 - [iCarpool](#) – An app related to rideshareonline
- [Map for vanpool locations](#) – Filter by employer as well as where they go and/or start.
 - Example: [Boeing Vans](#) [Lynnwood Vans](#)
 - Just change the employer or city in the URL for your site/location, let us know if you have questions and we can help out!

Vanpool/Carpool third party tools:

- [Waze](#) – Popular tool
- [Scoop](#) – Not currently in Snohomish County but if interested we can help facilitate conversations
