Dear Applicant,

The Americans with Disabilities Act (ADA) of 1990 is federal legislation that supports the rights of people with disabilities to participate more fully in community life. As required by the ADA, all Community Transit buses and facilities are fully accessible for people with disabilities. For ease of entry, all buses kneel (lower to ground level), or have ramps and/or lifts. In addition, other accommodations such as wheelchair securement areas, audible and visual stop announcements, and free training to learn how to use the bus (call 425-348-2379 for more information), make regular bus service possible for most people with disabilities.

The existence of a disability does not, by itself, qualify you for paratransit service. Eligibility is based solely on your functional ability to use the regular bus. If the effects of your disability prevent you from getting to/from a bus stop, waiting for a bus, getting on/off a bus, or navigating the bus system, you may be eligible for some level of paratransit service. Eligibility determinations are based upon the limitations caused by your disability and will be tailored to your individual abilities. You may qualify for partial or full service.

Paratransit is a tax-supported service for individuals who, because of the effects of their disabilities/limiting conditions, are not able to ride the regular ramp-equipped and accessible bus. Age, language, convenience of the service, fear of falling, inability to drive, and inability to carry packages are not qualifying factors for paratransit service.

Paratransit service is similar to the regular bus in fare structure, days, hours, and service area. Our service is available within 3/4 mile of the regular, fixed-route bus route, on the same days and during the same hours the regular bus service is offered.

After you submit your application, an eligibility specialist will call you to review this application. Your application will not be considered complete until all requested information is provided to us and the phone interview has been completed. Once we have received all of the necessary information, an eligibility determination will be made within 21 days. You will be notified by mail of the decision. An eligibility specialist will call you to review this application.
If you feel that, due to the effects of your disability, you are unable to successfully travel using the regular bus, some or all of the time, please complete the application form.

☐ Complete pages 1-5 of the application form (please print clearly)

☐ Ensure the applicant, legal Guardian, or, if applicable, their Power of Attorney (POA) signs the application on page 5. **If signed by a Guardian or POA, current documentation must be included with the application.** A signature is required before an application will be processed.

➢ If the applicant has a guardian, the guardian is required to sign the application.

➢ The parent or legal guardian of a minor is required to sign the application

☐ Ensure page 6 is completed and signed by an approved provider (see list of approved providers on page 5).

☐ Everything must be completed and legible or the application will be returned.

Mail the completed and signed application, and any appropriate or supporting paperwork, to:
