

## **Curb the Congestion Rewards will be discontinued on December 31, 2018**

Thank you for your continued participation in Curb the Congestion rewards from Community Transit.

Curb the Congestion has been encouraging people just like you to choose an alternative to driving alone. Since its inception in 2008, Curb the Congestion rewards has helped remove over 2,000,000 non-drive alone trips off the most congested roadways in Southwest Snohomish County.

In an effort to streamline processes and rewards programs, Community Transit has decided to discontinue Curb the Congestion rewards effective December 31, 2018. The final Curb the Congestion rewards (monthly rewards, monthly drawings, and recruiter rewards) will be processed in early January 2019. A new rewards program will replace Curb the Congestion beginning in 2019.

I encourage you to continue logging your trips in RideshareOnline.com. There are many local and regional rewards programs in which you may be eligible to participate. You can explore your available rewards by logging into your RideshareOnline.com account and selecting Rewards.

Curb the Congestion rewards will continue through the end of this year as normal. October will be the last month for new participants to be eligible for the three consecutive months of incentives. Three lucky winners will be drawn monthly for a \$150 reward.

Again, thank you for your participation in Curb the Congestion. If you have questions please contact:

**Debbie Anderson**
