Downtown Edmonds

Edmonds is a thriving community, where residents, workers and visitors can shop, grab a bite to eat or walk the nearby Yost Park. Getting around is easy too when you choose smart trips by riding the bus, biking, walking or sharing the ride.

Bus

Where your feet or bike can’t take you, there’s another option—let us do it for you! Running 365 days a year, Edmonds is served by both local and regional buses. Heading to Alderwood Mall? The University of Washington? Or downtown Seattle? There’s direct service just a short walk away. For everywhere else, there’s an easy connection! Visit www.communitytransit.org/TripPlanner to plan your route.

Transportation Tip: Try Bus Finder to find out when your bus will be leaving your stop. It’s easy to use from your mobile phone or computer at www.mybusfinder.org.

Paying for your Bus

ORCA (One Regional Card for All) is the easiest way to get around the Puget Sound. Your ORCA card gets you access on commuter rail, light rail and ferries. Plus, there are many choices for loading your card that allow you to choose the best option for how you ride. ORCA can be used on:

• Community Transit
• Everett Transit
• King County Metro
• Kitsap Transit
• Pierce Transit
• Sound Transit
• Washington State Ferries

Grab your ORCA card today!

Check the map for ORCA retailers in Edmonds, call 1-888-988-6722 or visit www.orcacard.com.

Bike

Bicycling is a great way to combine the trips you need to take with your workout. A basket, saddlebag or a simple backpack can make a trip to the store a breeze—literally! For longer distances, consider combining your bike trip with the bus. All regional buses come fully loaded with easy-to-use bike racks and bike lockers are available at many local park & rides, including nearby Edmonds Station.

Follow Lane Markings: When going through an intersection, use the lane marked for your direction. Do not use a right turn lane when going straight.

Share the Trail: Alert others when passing by using your voice or a bell. Slow down and look both ways when the trail crosses roads or driveways.

Signal your Intentions: Let other cyclists, pedestrians, and motorists know where you’re going—always signal before a turn.

Ride Predictably: Don’t weave between parked cars. Riding a consistent line on the right side of the road helps drivers see you and know what to expect.

Watch Parked Cars: Keep clear of the “door zone” when passing parked cars. Give them a wide berth or ride slowly and be prepared to stop.

Remember—You’re a Vehicle: Obey all traffic laws, including stop lights, stop signs, and riding on the street. Sidewalk laws vary by city, but for pedestrian and cyclist safety, road riding is recommended. Having a working headlight (not a reflector) is the state law for night riding.

Wear a Helmet: The City of Edmonds doesn’t require helmets, but many other cities and all of King County does—plus, it’s smart to be safe!

Walk

With 14 miles of trails and many choices for entertainment at your fingertips, Edmonds is a great place to leave the car behind and strap on those walking shoes. According to the American Heart Association, walking just 30 minutes, 5 times a week is enough to improve your overall health and reduce stress. Try these suggested walking routes:

Get up to $150 when you ride the bus, carpool, vanpool, bike or walk! Choose a smarter trip at least 6 days a month and log them in your personal Curb the Congestion online calendar and you’re eligible to earn:
