### Exploring Canyon Park by Bike or Foot

You’re in the center of a thriving community, with lots of choices for places to shop, eat, and play! Use this guide to explore your neighborhood and find ways to get around with ease by riding the bus, biking and walking.

#### Bike

Bicycling is a great way to combine the trips you need to take with your workout. Aitors could be a breeze! For longer trips, consider combining your bike trip with the bus.

**Cycling Tips**

- **Remember, You’re a Vehicle**: Obey all traffic laws, including stop signs and yield signs. Slow down and look both ways when the trail crosses roads or driveways.
- **Share the Trail**: Follow the rules of the road. If you’re on a bike, you must yield to pedestrians, and must yield to other cyclists, pedestrians, and motorists where you’re going to cross the sidewalk or go on a driveway.
- **Wear a Helmet**: For a bike trip with the bus.
- **Be Aware of Your Surroundings**: Look for and avoid obstacles such as cracks in the pavement, roots, and debris.
- **Be Safe, Be Seen**: Wear a reflective jacket, vest, or helmet when riding at night or in poor weather conditions.

#### Walk

With miles of trails and many choices for entertainment at your fingertips, your neighborhood is a great place to leave the car behind and strap on those walking shoes. According to the American Heart Association, walking just 30 minutes, 5 times a week is enough to improve your overall health and reduce stress.

**Walking Tips**

- **Be Safe, Be Seen**: If you’re walking in dark or hard to see conditions, it’s helpful to wear brightly colored clothing or an orange vest. This will make you more visible to drivers who might not see you.
- **Be Aware of Your Surroundings**: Look both ways before crossing the street even if there are no cars. Make eye contact with drivers before crossing the street, and be especially cautious where driveways and intersections.
- **Walk facing traffic**: If there are no sidewalks on your route, the rules of the road say you should walk on the left-side, facing traffic. This way, you can see the traffic coming, establish eye contact with the driver and make quick judgments to protect yourself.
