### Lynnwood — How do you get around your neighborhood?

You’re in the center of a thriving community, with lots of choices for places to shop, eat, and play! Use this guide to explore your neighborhood and find ways to get around with ease by riding the bus, biking and walking.

#### Bike

Biking is a great way to combine the fun you need to take with your workout. A basket, saddlebag or a simple backpack can make it easy to carry the supplies you need. For longer trips, consider combining your bike trip with the bus.

#### Cycling Tips
- **Remain a Vehicle** - Obey all traffic laws, look both ways before crossing the street even if you have the right-of-way. Be safe.
- **Wear a Helmet** - A working headlight is required for night riding. Remember, you’re a vehicle.
- **Ride Predictably** - Let other cyclists, pedestrians, and motorists know where you’re going. Always signal before a turn.
- **Be Aware of Your Surroundings** - Cautious of driveways and at intersections.
- **Share the Trail** - Alert others when passing by using your voice or a bell. Slow down and look both ways when the trail crosses roads or driveways.
- **Alert Others When Passing By** - Let other cyclists, pedestrians, and motorists know where you’re going. Always signal before a turn.
- **Bicycling is a great way to combine the trips you need to take with your workout. A basket, saddlebag or a simple backpack can make it easy to carry the supplies you need. For longer trips, consider combining your bike trip with the bus.**

#### Walking

Walking Tips
- **Be Safe, Be Seen** - If you will be outside in dark or hard to see conditions, it is helpful to wear light colored clothing, reflectors or even bring a flashlight. All of these will help you be more visible to drivers who might not see you.
- **Be Aware of Your Surroundings** - Look both ways before crossing the street even if you have the right-of-way. Make eye contact with drivers before crossing. Especially watch for driveways and at intersections.
- **Walk Predictably** - If there are any signals or pathways on or near the road, the rules of the road you should walk on the sidewalk, facing traffic. This way, you can see the traffic coming, establish eye contact with the driver and make quick judgments to protect yourself.
